Job Description – Assembly Engineer

Summary

RMGroup specialise in the supply of process and packaging machinery to various industries around the UK. The company has grown rapidly within the last few years and we are continually looking for aspiring individuals to join our dynamic team.

For this particular role we are looking for an enthusiastic and conscientious person to fill the role of Assembly Engineer.

Skills & Qualifications

- Build mechanical components into sub-assemblies and through to machine systems.
- Capable to interpret and understand piece part to complex GA drawings.
- Knowledge of the correct fit of tolerances required for successful sub-assembly operation.
- Experience of working with hydraulic or pneumatics.
- Basic fabrication skills required.
- NVQ or similar qualification in Metalwork fabrication desirable.
- proven skills in paying high attention to quality and detail.
- Ability to work unsupervised or part of a team.
- Previous work experience in a manufacturing environment essential.

Hours: 45 Hours, Monday-Friday 07:30am -04:30pm

Salary: Dependant on experience
